

Learn About Us

The ONE TO ONE Literacy Society is a small grassroots organization with a big impact!

Our program provides one-to-one tutoring to elementary school students, who struggle with reading. ONE TO ONE's trained volunteer tutors work with students who are identified by their teachers as needing a boost with their literacy skills.

Our unique program began in 1989 in one Vancouver school and has grown steadily. Our **300 volunteer tutors** now provide reading assistance to over **800 students** in more than **60 schools**.

Research shows that a child's reading level at the end of Grade Three is a more accurate predictor of school success than any other variable, including family income, educational attainment of parents, ethnic or cultural identify, or home language. Our approach is to initiate early critical intervention into the lives of struggling readers.

Through one-to-one tutoring, we help children develop literacy skills for life.

Our Impact

Since the introduction of the ONE TO ONE program in 1989, we have helped over 12,000 children improve their literacy skills.

Our program surveys confirm we are fulfilling our mission:

- 86% of classroom teachers reported an improvement in their students' reading levels
- 86% of classroom teachers reported that their students showed a more positive attitude toward reading
- 100% of our volunteer tutors enjoy participating in the ONE TO ONE program

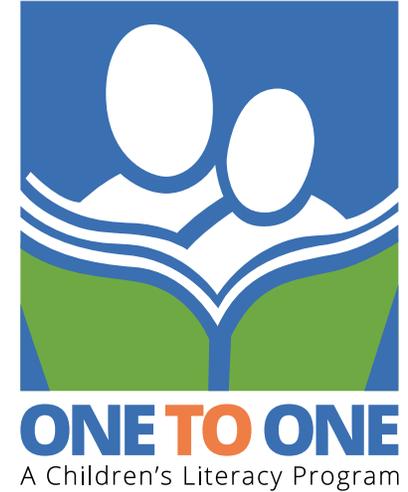

"What these volunteers do for our at-risk students is nothing short of amazing. The volunteers develop a relationship with the students that is calm and positive."

"For the first time ever, her report card indicates that she is reading at grade level. What a relief it was for us to see that. Now that is true progress! Thank you again for the world of difference you are making in our daughter's life."
