

LUCKY DUCK (NOT)

and

not

you

the

Number of Players: 2 to 4.

Materials: Not cards and Lucky Duck cards, plus word cards from the list being practiced.

Object: Collect the most cards.

Directions: Players take turns drawing the word cards. When a NOT card is drawn, all that player's cards must be placed back in the pile face down. If a player pulls the 'lucky duck' card, they can use this card when they next pull a NOT card; the player will not have to return their cards to the pile if they play the lucky duck card after pulling a NOT card.

When time is up (if game is timed), the player with the most cards is the winner.
